Congressman Smith, of Iowa, Disperses a Mob.

It Was Loudly Clamoring for Life of Two Negroes in Jail at Council Bluffs.

GOOD COUNSEL PREVAILS

Council Bluffs, Iowa, Dec. 29.—An attempt was made last night to lynch George Williams and Neely Zimmerman, two negroes, charged with having committed an assault upon Mesdames Sanders and Stark last Friday night.

The men were identified by the women, after which they were held to the grand jury that convenes next week.

Last night a mob of 500 people gathered about the jail where they were confined and demanded that they be turned over by the officers. The demand was refused.

Until midnight the mob increased in numbers until there were at least 1,000 men yelling and battering at the jail doors with clubs. Several times the police charged the mob, but they were unable to break it up.

Just after midnight, armed with a bar of railroad iron, a dozen men commenced battering at the jail door. A dozen blows shattered it and a yell went up from the crowd.

Congressman Smith, who arrived just at this time, managed to secure the attention of George Sanders, husband of one of the women assaulted, and urged him to go home and let the law take its course. Sanders listened and then started home.

Congressman Smith mounted the courthouse steps and urged the members of the mob to disperse, telling them that Sanders had already gone. This had the desired effect and inside of half an hour the courthouse grounds were deserted.

When She Discovered She Did Not Love Her Hand.

Found Suffering From Strychnine Poisoning—Attempt to Wreck I. O. Train.

GIANT POWDER DISCOVERED

BRIDE COMMITS SUICIDE.

Jackson, Tenn., Dec. 29.—News was received here of a deplorable suicide which took place in this county. On Christmas eve Miss Lena Haynes, a popular young lady of the community, aged about 23 years, and A. A. Minard, a widower, aged 47 years, a respected citizen, were married. A son-in-law, Wm. Flake, and wife, lived with Mr. Mainard. He carried his bride home and she seemed happy. Saturday evening while the husband was away she took a dose of strychnine and was in a dying condition when found. She left a letter to her husband, stating that she did not love him. She asked him to forgive her, and said she did not expect to get forgiveness in the other world.

ATTEMPTED TRAIN WRECK FOILED.

Arcola, Ill., Dec. 29.—What is believed to have been a plot to wreck and rob an Illinois Central man and express train was foiled yesterday when Edward Fitzgerald, a Vandalia section boss, discovered a ten-gallon can of giant powder hid in some brush near the carhouse on the right of way.

Saturday seven strangers arrived in Arcola and busied themselves selling cheap jewelry and doing various kinds of repair work. Their actions aroused suspicion, and by order of Mayor Flickinger, Officer Craft accompanied them to the corporation limits and threatened them with arrest if they returned to town.

The powder was discovered soon after their departure, and the authorities believe they are the parties who brought it here. The powder was turned over to the mayor.

A small quantity of it was tested and it exploded with terrific force. A local powder dealer claims there was enough in the can to blow up the entire business section of Arcola.

CHURCH MUSIC

THE POPE ISSUES A NOTE ON THE SUBJECT.

Rome, Dec. 29.—After a long discussion with experts, principally the famous composer, the Abbe Perosi, director of the Sistine choir, the pope has issued of his own accord, a note on the subject of sacred music in the churches. In this note, which appears in the Osservatore Romano, his holiness formulates rules for church music, which recall the churches to a strict observance of the instructions issued by former pontiffs. The pope, who is a keen student of music, condemns the transformation of Liturgical music into compositions for use at concerts.

The pontiff is strongly in favor of the Gregorian chant, and has ordered the Abbe Perosi to compose a Gregorian mass for the centenary of St. Gregory the Great, next Easter. This mass will be conducted by the Abbe in the chapel of St. Gregory and will be participated in by 500 singers.

WHAT THE LITERARY SOCIETY IS DOING IN MOUNT CARROLL.

"The literary society at the high school seems to be getting into deep water, as Friday night the question was debated, Resolved, that marriage is a failure. The question was decided that marriage was a failure, and several young men who have been contemplating embarking on the matrimonial sea have anchored their barks and will remain ashore until the question has been more favorably decided."—The Democrat, Mount Carroll, Ill.

Just Before the Debate—"My sakes! I wish I could have gotten up nerve enough to ask her before we got here—but I will on the way home."

As the speaker for the affirmative scores a point—"Mebbe I'd better not."

The negatives have their innings—"O pshaw! Just watch me!"

After the decision—"By jinks! What a narrow escape! I thought all the time 'I'd better wait!'"

TO TEST ORDINANCE

Merchants Desire to Know if License Law is Valid.

Prescribes Additional License for Additional Clerks Over a Specified Number.

CASE SET FOR TOMORROW

Judge D. L. Sanders, of the police court, this morning issued a warrant against the Rhodes-Burford Furniture company to test the validity of the ordinance requiring every retail merchant to pay a license tax of \$2 for every clerk over two, the ordinance allowing each and every merchant that number of clerks over the errand and elevator boys and porters.

"I issued one warrant against the firm," Judge Sanders stated, "but will issue a new one and will see if the ordinance is valid. I understand that the merchants will fight the case and have employed Judge W. A. Berry to appear for them. The ordinance was amended one year ago which provided for the additional license on

clerks, and is now going to be enforced for the first time."

The case will attract much attention. The case will come up before Judge Sanders tomorrow morning. There will be but little evidence introduced, the principle thing to be done lying in the argument of the counsel for the merchants and the prosecuting attorney.

THE DOCKET

CASE OF JIM HOWARD WILL BE ARGUED BEFORE COURT OF APPEALS JANUARY 6.

Frankfort, Ky., Dec. 29.—The docket for the next session of the court of appeals has arrived in Frankfort, having been completed by the printer somewhat late. The case of Jim Howard is set for argument January 6, and that of White and Jett January 13.

According to the law, the docket should be made public 20 days before court convenes, but it is now but eight days until the sessions opens. On account of numerous delays which have recently come to light, it is probable that an attempt may be made to secure the passage of a law by the next legislature providing for the printing of the docket in the state capital.

Anyway, a bachelor doesn't bore everybody to death telling what smart things his children say.

TWO ARRESTS MADE CAN DO NOTHING NOW

Agent Dinneen Does a Good Piece of Work.

Young Men Arrested for Assaulting an Illinois Central Brakeman.

VICTIM IS NOW BETTER

Mr. W. T. Dinneen, special agent of the Louisville division of the I. C., with the assistance of Marshal Wilson and Officer Shackleford, of Princeton, Ky., has solved the mystery of who assaulted Ed. Crawford, the colored brakeman of the I. C. who was knocked down and robbed in the Princeton yards last week.

Marshal was brought here for treatment and was in a semi-conscious condition and unable to give an intelligent account of his experience. Crawford's pants had been taken off and the pockets searched but only 35 cents secured by the highwaymen, who did not see his pocketbook fall to the ground as they rifled his clothes. Crawford could tell but little about the matter and the detective had a hard time securing a clue but finally did, resulting in the arrest of Ben Pollard, age 17, and Harvey McChesney, age 19, both colored, who were intercepted at North Water, near Princeton, by the Princeton officers and Detective Dinneen. They confessed to assaulting the brakeman and stated they were sorry only in the fact that they missed the pocket book which contained quite a neat sum of money.

Both boys were given a preliminary hearing before the examining court at Princeton and held over in the sum of \$1,000. They failed to make bond and are in jail. Crawford is better and will be able to leave the hospital shortly.

POLICE COURT

ONLY A FEW CASES DISPOSED OF TODAY.

Judge Sanders held a brief session of police court this morning.

The case against Butler Faundaw and Ado Joiner, for breach of the peace was again continued.

The breach of the peace case against Will Jackson, colored, was continued.

Tom Clark, on motion of the prosecuting attorney, was dismissed of the charge of obtaining money by false pretenses. Clark works on Jailer Tom Evitts' farm and killed one of Mr. Evitts' hogs and sold it. He made no attempt to convert the cash to his own use and no prosecution was made.

The case against Hewlett Jones, for breaking into a house and taking bed clothes and selling them, was continued.

WIRE STOLEN.

RICHARD BROWN, A STRANGER, ARRESTED FOR IT.

Richard Brown, white, was arrested this morning by Officers Hurley and Owens on suspicion of having stolen a large quantity of copper wire. The wire was sold to a second hand dealer and the officers have been working on the case to see if the wire was stolen from the new telephone company, and Brown was on his way out of town when caught. The police believe they have made an important arrest.

So Says Russia to China About Manchuria.

Too Cold and it Might Give Japan An Advantage in the Pending Negotiations.

BEAUPRE REACHES COLON

CHINA IS FRIGHTENED.

Pekin, Dec. 29.—Lien Fang, first secretary of the board of foreign affairs, visited Russian Minister Lessar and requested information concerning the intentions of the Russian government regarding the evacuation of Manchuria. Minister Lessar, in reply, said nothing could be done for two reasons. In the first place the cold weather makes it impossible to remove the troops from their present positions, besides which there were no barracks accommodations to be had elsewhere, and in the second place, it would endanger Russian interests to undertake evacuation during the progress of negotiations between Russia and Japan, for the reason that Japan might seize the opportunity to invade Manchuria.

The Chinese government is so alarmed at the prospect of becoming involved in the seemingly prospective war that it would prefer that Russia should remain in control of Manchuria. As an alternative the foreign office has indicated to the ministers that a settlement satisfactory to China would be that Russia and Japan should retain their respective treaty rights in Korea and Manchuria if they agree not to attempt to obtain further advantages in either country. The Russian commander imperatively requested the Tartar general to disband his militiamen and to disarm them. The Tartar general issued an order in accordance with this request but it is understood the men are concealing their arms, supposedly with the Tartar general's connivance.

MINISTER IN COLON.

UNAVOIDABLE

WAS WRECK OF DUQUENSE LIMITED, IN WHICH THREE SCORE LIVES WERE LOST.

Pittsburg, Pa., Dec. 28.—Superintendent Duer, of the Pittsburg division of the Baltimore and Ohio railroad, has made a complete investigation of the cause of the wreck of the Duquense limited last Wednesday night near Dawson, Pa., and has found that no employee of the Baltimore and Ohio was responsible for the accident. The accident is declared to have been unavoidable. Superintendent Duer says that the coroner of Fayette county would hold an inquest in a few days, and that some points might be brought out at this hearing which the railroad officials have overlooked. The company has, however, covered the ground thoroughly.

A few unidentified dead still remain at Connelleville, and the railroad officials are doing everything in their power to ascertain the whereabouts of the friends and relatives of the unknown.

He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Dec. 1, 1901." HUMOR OF A STRIKE.

From the World's Work.

Two strikers were picketing the entrance of an alley during the strike at the factory of the Kellogg switchboard company in Chicago last May. A non-union man came out of the factory and started across the street. One of the strikers picked up a brick. As he looked at it an expression of disgust came over his face and he threw it down.

"Why didn't you throw it at that scab?" asked the other striker.

"Because it is a non-union brick."

EAGLE AND THE FOX.

Find a Peasant.

An Eagle, looking around for something to feed her young ones with, spied a Fox's cub basking in the sun. She swooped upon him and was about to carry him off, when the old Fox came up and, with tears in her eyes, implored the Eagle, by the love which she as a mother felt for her own young, to spare this her only child. The Eagle, whose nest was in a very high tree, made light of the Fox's prayers, and carried the cub to her brood. She was about to divide it among them when the Fox, bent upon revenge, ran to an altar in a neighboring field, on which some country people had been sacrificing a kid, and seizing thence a flaming brand, made towards the tree meaning to set it on fire. The Eagle, terrified at the approaching ruin of her family, was glad to give the cub back safe and sound to his mother.

Moral—We should never deal hardly or injuriously by anybody. The consideration of our being in a high condition of life, and those we hurt below us will plead little or no excuse for us.

THE SUN'S WORLDS FAIR OFFER CREATES AN IMMENSE AMOUNT OF INTEREST

The Sun's great proposition to send five people to the world's fair in St. Louis next summer has created a great amount of interest already and promises to be the most interesting contest ever held by a local paper.

The Sun will give transportation from Paducah to St. Louis and return, and donate \$50 for expenses for a trip to the most popular federal, county or city employee, to the most popular school teacher, lady or gentleman; to the most popular clerk of a local retail or wholesale establishment, gentleman or lady; to the most popular resident, gentleman or lady, in McCracken county outside of Paducah, and the most popular member of a local union.

The plan in detail is outlined in an ad in this issue. The contest starts January 1 and closes April 30.

Who will get these trips will be decided by ballot vote, ballots cut from The Sun.

Each issue will contain a ballot for each contest. The ballot will be dated and must be voted in a certain time.

Subscriptions in advance will be entitled to a great number of votes, and the sooner the subscription is sent in the more votes it is entitled to. For instance, for every cent subscribed in April, the last month, the subscriber is entitled to one vote. But the same subscription made now will be entitled to four times that many.

The votes will be counted the first time New Years.

So, now save your ballots. They will be valuable. Five people shall see the world's fair at The Sun's expense, and The Sun readers are to decide who they will be.

HE WILL SAIL FOR AUSTRALIA JAN. 21.

Chicago, Dec. 29.—Preparatory to leaving for Australia, John Alexander Dowie bade farewell to his Chicago adherents. Dowie will leave for New Orleans via San Francisco stopping at various cities en route. He intends to sail from the latter port Jan. 21 and return next June.

"I am going to leave everything in Zion City and not steal away with either the lace works or the temple," said Dowie. "That was a malicious lie about my wife taking away \$7,000,000, but I am foolish to deny it again. I will only take with me enough cash for spending money."

BIG DEAL FOR WHISKEY.

Cincinnati, Dec. 29.—A Cincinnati firm has purchased 25,000 barrels of whiskey from the Kentucky Distilleries and Warehouse company. The whiskey is in a bonded warehouse at Lawrenceburg. The deal, including the tax to be paid, involves an outlay of about \$1,600,000.

WANTED HEADS

SO HUMAN BEINGS WERE MURDERED.

San Bernardino, Cal., Dec. 29.—One of the most savage murders ever perpetrated in California has been traced to a party of Porto Ricans, the chief of whom seems to have killed an Indian and a Chinese to secure possession of their heads as charms against ill luck. Miguel Antonio, the leader, was arrested a few days ago on confession of his woman accomplice, Trinidad Figueroa. She told how he had waylaid a Chinese peddler and cut the man's throat with a razor, afterward burying the body. Antonio was arrested here and the woman was held. Now two Porto Rican women are in jail at Needles. They gave the police a clew which resulted in finding a ghastly human head in Trinidad's trunk, and they said it was cut from the body of an Indian whom Antonio murdered in Nevada. Antonio declares that the women were the real head hunters, as they used the skulls in witch incantations. He ascribes their confession to the fact that he failed to secure the skull of the Chinese.

WOMAN BURNED TO DEATH

WENT BACK AFTER HER TRUNK AND WAS OVERCOME.

Cairo, Ill., Dec. 29.—During a fire at Mound City, Ill., Cuna Calhoun, a young woman, was burned to death. She rushed into a burning building to save her trunk, and was overcome, her head being entirely burned from her body.

Mr. Merchant—Well, why don't you?

BLACK MADE WHITE

REMARKABLE TESTS WITH THE X-RAY IN PHILADELPHIA.

Philadelphia, Pa., Dec. 29.—The Record prints the remarkable story of the use of the X rays in the university of Pennsylvania hospital, whereby the black skin of the negro is made white. It is alleged that the discovery was made while negroes were being treated with the rays for cancer and lupus. Dr. Pancoast is alleged to have discovered that in every instance after the negroes had been treated for some time with the rays the skin surface became perfectly white in every place that the light touched. As yet no attempt has been made to try the effect of the light on the healthy negroes' skin.

Dr. Beck, an X ray expert of New York, doubts truth of report. He says that experiments have been tried in the use of rays to destroy the pigment and that they met with no success.

RUSH ORDER

MILLION POUNDS OF BEEF MUST BE READY TO LEAVE SOUTH OMAHA BY JANUARY 25.

Des Moines, Iowa, Dec. 29.—The Cudahy Packing company, of South Omaha, is just in receipt of a rush order for 1,000,000 pounds of extra mess meat for the Russian government. The shipment must be made from South Omaha so as to reach San Francisco before January 26. On that date two Russian ships will be prepared to sail from that port with the beef on board. It is learned in Omaha that the same ships will also carry a large amount of other supplies which are now on their way or are in preparation for shipment from various parts of the United States. All of these supplies, it is said, are for the war department of Russia.

FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.

MME. A. RUPPERT, 6 E 14TH ST., New York City

How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh-worms, blackheads, oiliness, sallowness, muddiness and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually sealing off a slight surface of the outer scabskin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. A bottle of my Face Bleach, a trial jar of my Egyptian Balm, a bar of my most exquisite Almond Oil Complexion Soap, my New Special Directions, my book, "How to BE BEAUTIFUL"—all for \$2. The price of Face Bleach alone is \$2 per bottle, hence you receive articles absolutely free.

to the best of his knowledge and belief.

DAILY THOUGHT.

A sunny temper gilds the edge of
life's blackest cloud.

The activity of the military of the
nations may really mean nothing more
than a little "unlimbering." They
have to get out and exercise occasion-
ally to keep from getting rusty. It is
probable they are all bluffing and have
no intention of fighting.

Probably Dowie will come back
sooner than he anticipates when he
dies. He may want to run things down
there, and recognizing in him a likely
successor, he may be promptly given
his passports back to Zion City or
Chicago, whichever he considers the
easiest money.

Some of the Louisville Democrats
were frightened to death the other
day when an ordinance was introduced
to abolish the office of inspector of
weights and measures, which costs the
people nearly \$4,000 a year and re-
quires very little work if any at all,
according to reports. It is now said
that a compromise will be reached by
abolishing the office of deputy. The
taxpayers may ask why, if this can be
done now, it wasn't done long ago,
but they'll never find out—not in Lou-
isville.

Acting Governor Bill Thorne will
probably have a great many of his
"jokes" to explain, now that he has
the power to pardon. He used to jol-
ly up the boys about pardoning them
and their friends when he got to be
"it" and some of them are likely to
come around now to have him do it.
They oughtn't ask the old gent, how-
ever, to become generous on such short
acquaintance. He may have plenty
of time to do it when the governor
takes his vacation and it wouldn't
look so bad.

Circuit court is over until next April,
and there are still 23 prisoners left
in the county jail, most of whom will
get no trial until April. In the mean-
time the taxpayers will pay their
board at the rate of about \$2.80 a week
each, or \$56 a week for the whole lot.
By the time circuit court meets the
23 prisoners, presuming all will re-
main until then, will have cost the
county \$672. Some of the prisoners
are probably city and government men
or petty larceny prisoners, but most
of them are awaiting trial. Our courts
need to get a move on.

There is no reason to become
alarmed over the crimes and casualties
published daily in the newspaper.

SONGS OF THE DAY

TOY-LAND.

And how do you get to toy land?
To all little people the joy-land?
Just follow your nose
And go on tip toes,
It's only a minute to Toy-land.
And ho! but it's gay in Toy-land.
Society's fine in Toy-land,
And folks in the ark
Stay out after dark,
And tin soldiers regulate Toy-land.
There's fun all the year in Toy-land,
To sorrow 'twas over a coy land;
And steamers are run,
And steam cars for fun,
They're wound with keys in Toy-land.
Bold jumping jacks thrive in Toy-land;
Five castles adorn this joy-land;
And bright are the dreams
And sunny the beams
That gladden the faces in Toy-land.
How long do you live in Toy-land?
This bright, merry girl-and-boy-land?
A few days, at best,
We stay as a guest,
Then good-by, forever to Toy-land!
—Eugene Field.

ITALIAN DIES

I. C. LABORER WHO CAME
FROM NEWBORN, EXPIRES
IN HOSPITAL.

Ralsalo Lozer, an Italian laborer
for the I. C. road at Newborn, Tenn.
died this morning at 10 o'clock, at the
local I. C. hospital, of dysentery. He
has been in the hospital four days.

Lozer was 35 years of age and un-
married. He came from Chicago to
Newborn.

she did she might not be as good a
woman as she is.—New York Press.

fellow being murdered, remember that
there are about 79,999,999 others in
this country, who haven't been mur-
dered. Whenever you see that some
train has been wrecked, try to think
of the thousands of trains run every
day at lightning speed that are not
wrecked and of how many thousand
steamboats never sink or burn. If
some preacher or faithful employe
goes wrong, do not think the world is
doomed, for there are tens of thou-
sands who never have gone, and never
will go, wrong. It is the unusual,
the unnatural, that is given the great-
est publicity nowadays, because it is
what most excites the curiosity of the
people. The apparent increase in
crime is probably not really an in-
crease. It is shown by those gen-
eral frauds, the statisticians, that in pro-
portion to the increase in population
and possibilities, crimes and casual-
ties are not really on the increase.
They are simply in these days of mod-
ern facilities for finding, transmitting
and publishing such things, brought
more prominently before the public.
Let's be optimists.

EMANCIPATION DAY.

COLORED PEOPLE WILL CELE-
BRATE IT HERE JAN-
UARY 1ST.

The emancipation of the colored
people of the United States will be
appropriately commemorated at
Burke's Chapel, Seventh and Ohio
streets, New Year's night. It will be
the fourth year that the emancipation
has been celebrated in a Paducah on
this day. Many of the colored people
claim that the 8th of August celebra-
tions are mercenary affairs, and no one
really knows what is celebrated. In
Louisville, Nashville, and other places
the emancipation is always celebrated
on the 1st of January, and it is usual-
ly a big affair.

Elder Burke and C. W. Merri-
weather, of Paducah, were the first to
inaugurate the 1st of January cele-
brating in Paducah, and this year the
exercises promises to be more elabo-
rate than ever before.

TO SIGN CONTRACT.

EACH EMPLOYEE OF CARNEGIE
CO. TO MAKE PERSONAL
AGREEMENT.

Pittsburg, Dec. 29.—Notices are to
be posted in all of the mills and works
of the Carnegie Steel company this
week, announcing the wage rate that
will be offered to the employees for the
ensuing year. The same notices are
to be posted in the works in other por-
tions of the district, and it is expected
the employees of Jones and Laughlin
Steel company will notify its men of
new conditions, practically similar.
The Carnegie officers have declined to
make public what the new rates will
be. The formality of changing the
wage rate will be quite extensive, as
each man employed will be obliged to
make a personal contract with the
company.

AS RECTIFIERS

DESCRIPTORS WHO REDISTILL ALCOHOL ARE LIABLE TO SPECIAL REVENUE TAXATION.

A treasury decision which will have a far-reaching effect on the drug trade has just been handed down by Commissioner Yerkes. The ruling is to the effect that druggists who deodorize and redistill alcohol for sale involve themselves in special tax liability as rectifiers.

The customary method of treatment is to deodorize the alcohol by permanganate and then redistill it. By such means druggists are enabled to evolve a number of preparations in which it is necessary to do away with the strong odor of grain alcohol. Under the new ruling, however, such treatment of alcohol in the future will subject druggists tax liability as rectifiers.

LYNCHERS FREE

THEY WERE ACQUITTED AT CAIRO, ILL.

Cairo, Ill., Dec. 29.—Before Justice J. E. Jackson, a colored justice of the peace, this afternoon, James Rains, O. C. Bailey, James Buster, Brant Davis and Lieutenant J. F. Parker, citizens of Thebes, charged with being parties to the lynching of William Johnson, colored, last spring, were discharged. The evidence against them was insufficient. Henry Metcalf, another of the crowd, was given a continuance of ten days. The suit is the result of Governor Yates to bring the guilty parties to the lynching to justice. The county authorities took up the matter, but failed to convict any one, it being stated that the guilty parties were employed in the construction of the bridge at Thebes and had skipped out after the lynching.

Theatrical Notes.

"The Eternal City" drew one of the largest houses of the season at the Kentucky theater last night, the entire house being filled. It was a representative audience, and the performance was one that greatly charmed and pleased everybody. "The Eternal City" in some respects may be better than the book. Naturally the story has been divested of much of its tiresome details and encumbrances by the playwright, and the tragic ending of the original story is changed in the play to one of "they lived ever happily afterward." It is a question of whether or not the character of Donna Roma gains or loses by the dramatization. In the story she is an unchaste woman; in the play she is not. In the story her character may be true to some phase of life, but in the play she is rather an anomaly. Here she is portrayed as a good woman, and yet a woman who for several years has done things that few good women, unless insane, would do, as evidenced by the vulgar association of her name with that of the prime minister for which she of course was to blame.

The company headed by Mr. Edward Morgan, however, is a superb one. There isn't a weak spot in it. Mr. Morgan, as "David Rossi," and Miss Sarah Truax as "Donna Roma," of course won first honors, but the acting of Mr. Frederick de Belleville, as the prime minister, of Mr. Frank B. Banks, as the pope, of W. E. Bonney as "Bruno Rocco," was such that nothing but praise could be heard on every hand. Miss Truax was the only important female role and her dramatic fervor at times indicates genius. She is attractive, graceful and has a good voice. By many she is said to be every bit as good as Miss Viola Allen, who originated the part.

Mr. Morgan's acting was somewhat furtive, restless, and uncertain which was necessary to the part, but in the climaxes he showed more of the real man, and it was then that his best efforts told.

While some have deemed it a sacrilege to portray the pope at all in a play, the impression left from Mr. Banks' interpretation of the role was rather elevating. It was solemn and affecting, and in many of his scenes tears were brought to the eyes of hundreds.

The highest tribute that could be paid Mr. de Belleville for his masterful interpretation of the prime minister was by the audience, which was so glad when he "got killed" that it forced him to respond to a curtain call. Mr. Bonney's work as Bruno was good, but a little on the melodramatic order. One of the best of the minor heavy parts was that of Henry Harmon, the police spy.

The special music, by Mascagni, the composer, added to the impressiveness of the performance, and in scenic excellence, "The Eternal City" has never been excelled in the Kentucky theater. The scenery itself was magnificent enough to go to see if there had been no performance. There are five acts and seven or eight second scenes in "The Eternal City" but no one became tired. The plot grows in intensity as it unfolds itself, and most of the tragedies of the play were forgotten (by those who have not read the story) in the happy ending. Many said as they left the theater: "If the book only had ended that way!"

With the single exception of the circus there is no more popular form of amusement furnished the American theatergoer than that given in the form of a minstrel entertainment. Perhaps it may be claimed with some basis of truth, that the minstrel entertainment is even more popular, or at least equally so to the circus. Mr. Ricaby, the well known manager of West Minstrels, which comes to The Kentucky tonight, promises the patrons that he will give them a minstrel entertainment in its entirety, that will be superior to anything that he has attempted in the past. This assertion of Mr. Ricaby's is a very strong one, when one remembers the magnificent entertainments that have always been given by the West minstrels here tofore. If his promise will be fulfilled, and we have every reason to believe it will be, then lovers of minstrelsy will be all the more satisfied and pleased, and the fact will also enhance the name of Mr. Ricaby in the estimation of all concerned.

The music at the Kentucky last night was all the regular score for "The Eternal City," and all the local orchestra program was dispensed with. An interesting fact in connection with the music is that a great deal of it is

Mascagni's own handwriting, having been prepared and sent to this country from Italy by him for "The Eternal City." Prof. Deal, leader of the Kentucky orchestra has played from the original Mascagni manuscript before, and immediately recognized the score as anyone would recognize a person's handwriting, and the company's director informed him he had guessed right. Mascagni was in this country recently directing a production of his great opera, "Cavalleria Rusticana."

West's minstrels arrived early this morning and gave a fine parade today. The advance sale indicates that this popular minstrel will have a packed house tonight. When it came to Paducah season before last it made such a hit that a return date was played, and this year the entertainment is better than ever. One provision in the will of the late Wm. H. West first owner of the minstrel, was that the organization should be maintained at any cost after his death, and it has been done. The vocalists with the West show are the best on the road.

Years ago, when Clay Clement was unknown in many cities where he is now a favorite, "The New Dominion" was pronounced a comedy whose purity, sweetness and gentle humor made it idyllic in its charm, while the Hohenstauffen of the actor was accorded its proper rank as one of the most appealing and artistic creations of the modern stage. "The New Dominion" of today has lost not a whit of its beauty or its interest.—The Detroit Free Press. Clay Clement comes to The Kentucky New Year's day.

Lincoln J. Carter, in his last play "Her Only Sin" which comes to the Kentucky Saturday matinee and night has created a personage that of the self-sacrificing mother that attains just as thrilling moments and dramatic climaxes as all the Sapphos, Zazas and DuBarrys, and still remains pure and undefiled. It is indeed a notable lesson to those who imagine that to attain financial success one must trample to the bases and more depraved instincts of humanity.

Bill Van, who was with West's last year, is this season with Havlin's. He was not good the last time he was here, and seemed to be traveling mainly on his rep, so he will not be missed by Paducahans. There are two now with West who are said to be better than Van ever was.

Manager J. E. English has booked "Mrs. Wiggs of the Cabbage Patch," by a Louisville author, which play has won favorable notice everywhere. It will play here in the spring, but the date has not been selected.

Mr. Frederic de Belleville, who played the part of the prime minister last night, was in Paducah last season with "Monte Cristo."
